REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Associated Students Council
Associated Students of San Diego State University

Report on the financial statements

We have audited the accompanying financial statements of Associated Students of San Diego State University, (a California State University Auxiliary Organization and Component Unit of San Diego State University) (the "Organization"), which comprise the statements of financial position as of June 30, 2019 and 2018, the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentaion of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the prepariton and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

1

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Associated Students of San Diego State University as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information as required by the California State University on pages 26-39, is presented for purposes of additional analysis and is not a required part of the financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other reporting required by Government Auditing Standards

Grant Thornton LLP

In accordance with *Government Auditing Standards*, we have also issued our report, dated September 9, 2019, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Associated Students Council
Associated Students of San Diego State University

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Associated Students of San Diego State University (a California State University Auxiliary Organization and Component Unit of San Diego State University) (the "Organization"), which comprise the statement of financial position as of June 30, 2019, the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 9, 2019.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting ("internal control") to design audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the Organization's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on

compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Associated Students of San Diego State University (the Organization or Associated Students) is a California not-for-profit auxiliary organization of The California State University (CSU), organized and operated in accordance with the Education code of the State of California and the California Code of Regulations, and is a component unit of San Diego State University (the University). The function of the Organization is to provide essential activities that are an integral part of the University's campus programs. Such activities include student government, cultural programs and various other services.

The operations of the Organization combine the activities of two funds without donor restrictions: General Activities and Student Union. The General Activities fund accounts for activities provided by the student government and its boards and committees, and student organizations. The Student Union fund accounts for the facilities, programs and services provided by the Associated Students, which include Cultural Arts, Aztec Center, Viejas Arena, Aztec Recreation, Mission Bay Aquatic Center, Children's Center, KCR Radio, etc. The Organization extends credit to the University and its auxiliary organizations in the form of unsecured receivables. The Organization also receives funding from the University and its auxiliary organizations to support the Organization's operations.

Affiliated Organizations

The Organization is related to other auxiliaries of the University, including Aztec Shops, Ltd. (Shops), the Campanile Foundation and the San Diego State University Research Foundation. These auxiliaries and the University periodically provide various services for one another and collaborate on projects.

Reclassification of Net Assets

During a prior fiscal year, in accordance with CSU directives, the Organization assumed additional responsibilities with regard to overseeing and reporting the financial activities of the campus registered student organizations (RSO's). As such, the activity of the RSO's is now reported within the net asset with donor restrictions net asset category, with net assets with donor restrictions representing the amount of cash held by the Organization on behalf of the RSO's.

Basis of Accounting and Reporting

The financial statements of the Organization have been prepared in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, Not-for-Profit Entities, and are recorded on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America. Net assets without donor restrictions represent funds that are fully available, at the discretion of management and the Associated Students Board of Directors, for the Organization to utilize in any of its programs or services. In order to ensure observance of limitations and possible restrictions placed on the use of available resources, for internal purposes the accounts of the Organization are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Funds that have similar objectives and characteristics have been combined into fund groups. Amounts due to or from other funds are eliminated in total in the financial statements.

NOTE 1 – NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Accounting and Reporting (continued)

Contributions, including unconditional promises to give (pledges), are recognized in the year the promise is made, as opposed to when assets are received. Contributions with donor-imposed restrictions are reported as contributions within net assets with donor restrictions. Net assets with donor restrictions are reclassified as net assets at such time as the Organization has fulfilled the donor-imposed restriction. Contributions where donor-imposed restrictions both arose and expired in the same fiscal year are reported as contributions without donor restrictions within net assets without donor restrictions. At June 30, 2019 and 2018, the Organization had no outstanding pledges.

Net assets with donor restrictions include gifts in which donors have stipulated that the principle be invested in perpetuity. At June 30, 2019 and 2018, the Organization had no such net assets.

Noncash contributions are recorded at their fair value at the date of donation as established by either appraisal or the value anticipated in the subsequent resale of an item. There were no noncash contributions for the years ended June 30, 2019 and 2018.

Allocation of Expenses

The statements of activities summarize expenses according to program costs and other activities. Included in the program costs and other activities are the allocable depreciation, amortization and gains or losses from the disposal of equipment. All other expenses are allocated based upon direct costs related to each program. Indirect costs are included in general and administrative expense. In the statements of activities, the expenses related to depreciation, amortization and gain or loss from the disposal of equipment have been allocated by asset location among the programs and activities presented for the years ended June 30, as follows:

Cash, Certificates of Deposit, and Cash Held for Others, Student Organizations

The Organization maintains accounts with a financial institution with funds insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per bank. The Organization had a cash balance at June 30, 2019 and 2018 that exceeded the balance insured by the FDIC by \$752,000 and \$1,417,000, respectively. The Organization has not experienced any losses in such accounts.

Trade Accounts Receivable

Trade and other accounts receivable primarily consist of amounts due from customers in the normal course of the Organization's operations. Trade receivables are carried at original invoice amount less an estimate made for doubtful receivables based on a monthly review of all outstanding amounts. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Trade receivables are written off when deemed uncollectible. Total bad debt expense for the years ended June 30, 2019 and 2018 amounted to approximately \$26,600 and \$7,400, respectively. Recoveries of trade receivables previously written off are recorded when received. The Organization does not charge interest on past due accounts.

Short-term Investments and Certificates of Deposit

Investments, including the Local Agency Investment Fund (LAIF), are recorded at their fair value in the statements of financial position, with the exception of certificates of deposit (CD), which are recorded at cost plus accrued interest. Investment income or losses (including realized gains and losses on investments, interest and dividends) are included in the statements of activities as increases or decreases in investment income, net.

Building Improvements and Equipment

Building improvements and equipment are recorded at cost, if purchased, or at the fair value of the contribution, if donated. Building improvements and equipment are depreciated using the straight-line method over the estimated useful lives of the underlying assets, generally three to 20 years. Improvements on leased facilities and facilities under operating agreements are amortized over the lesser of the related lease or operating agreement, or the estimated assets' lives.

Repairs and maintenance to buildings leased from the trustees of CSU are considered expenditures on behalf of the University and, accordingly, are expensed in the year incurred.

Long-lived Assets

The Organization evaluates the carrying value of the long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of such assets may not be recoverable. The estimated future cash flows are based upon, among other things, assumptions about expected future operating performance and may differ from actual cash flows. Long-lived assets evaluated for impairment are grouped with other assets to the lowest level for which identifiable cash flows are largely independent of the cash flows of other groups of assets and liabilities. If the sum of the projected future undiscounted cash flows (excluding interest) is less than the carrying value of the assets, the assets will be written down to the estimated fair value in the period in which the determination is made. Management has determined that no impairment of long-lived assets currently exists.

Vacation Policy

The Organization accrues earned vacation based on whether the employee is salaried or hourly and the employee's length of service. Salaried and hourly employees can accrue a maximum of between 272 and 385 hours based on the length of service. Accrued vacation is calculated at the employee's current wage rate. Vacation liabilities of approximately \$477,000 and \$464,000 are included in accrued liabilities at June 30, 2019 and 2018, respectively.

Retirement and Postretirement Healthcare Benefits

The Organization is a member of the California Public Employees' Retirement System (PERS), a multiemployer pension system that provides a contributory defined benefit pension and postretirement benefit program for its salaried employees. PERS functions as an investment and administrative agent for participating entities within California.

The PERS plan provides retirement, survivor, and death and disability benefits based upon employees' years of service, age and final compensation, and also provides contributions toward medical insurance. Vesting occurs after five years of credited service. Employees who retire at or after age 50 with five or more years of service are entitled to a retirement benefit, payable monthly for the remainder of their lives, and may elect to continue payment of participants premiums for medical benefit coverage. Several survivor benefit options are available that reduce a retiree's unmodified benefit.

PERS issued a publicly available comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the PERS annual financial report may be obtained from the California Public Employee's Retirement System website at www.calpers.ca.gov.

While actuarial information is not available for the Organization on a standalone basis, the Organization's pension plan information is included in the University's financial statements on an aggregate basis. The University's financial statements can be obtained from CSU.

The Organization also provides certain postretirement healthcare benefits for all retired employees that meet eligibility requirements through contracts with PERS. The Organization's share of the estimated healthcare costs that will be paid after retirement is generally being accrued by charges to expense over the employees' active service periods to the dates they are fully eligible for benefits.

The Organization obtains an actuarial valuation of the accumulated postretirement health care obligations on a periodic basis (see Note 5).

Tax Deferred Annuity Plan

The Organization sponsors a defined contribution retirement plan for eligible hourly employees. For the years ended June 30, 2019 and 2018, the Organization contributed 7 percent of the eligible compensation of the qualified employees, amounting to approximately \$201,000 and \$195,000, respectively.

Revenue Recognition

Activity fees and student union fees are assessed upon student registration. Aztec Recreation fees are primarily assessed as monthly membership fees, which provide students access to recreational facilities operated by the Organization. Aztec Recreation members who choose the option to pay monthly by electronic funds transfer must make a four-month membership commitment. Revenue from the Children's Center is assessed monthly and recognized as services are provided. Daily Aztec revenues are generated from advertising and are recognized as the advertisements are published. Mission Bay Aquatic Center revenues are generated from program participants' fees and recognized in the period that the services are provided. Aztec Student Union/Scripps Cottage fees are earned from subleased space and on a per-event basis. Viejas Arena revenues are earned at the time events are held.

Included in facility revenues and user fees, the Organization has an exclusive license agreement with Shops that expired on June 30, 2016. The agreement was subsequently amended and extended through June 30, 2021. The agreement grants Shops an exclusive license to conduct concessions for food, beverages and novelty items bearing the imprint or emblem of the University in the Organization's venues on the campus. The license requires monthly license fees based on various percentages of adjusted gross receipts, as defined, and amounted to approximately \$1,238,000 and \$781,000 during the years ended June 30, 2019 and 2018, respectively.

Deferred Revenue

The Organization recognizes revenue related to student activity fees, student program fees and sponsorships during the semester or as the programs and sponsorships are provided. Accordingly, certain student activity fees, student program fees and sponsorship received in advance of the semester or prior to the program are included in deferred revenue.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates include assessing the collectability of accounts receivable, the lives and methods for recording depreciation and amortization on property, improvements and equipment, and assumptions used to calculate accrued employee benefits and accrued pension costs. Actual results could differ from the estimates used by management.

Subsequent Events

The Organization has evaluated subsequent events through September 9, 2019, the date the financial statements were available to be issued, and has determined that there were no subsequent events to recognize or disclose in these financials statements.

NOTE 1 – NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Income Taxes

The Organization applied the provisions of FASB ASC 740, *Accounting for Uncertainty in Income Taxes*. The Organization files a Form 990 (Return of Organization Exempt from Income Tax) annually. When these returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the tax position taken or the amount of the position that would ultimately be sustained. Examples of tax positions common to the Organization include such matters at the tax-exempt status of each entity and various positions relative to potential sources of unrelated business taxable income and the associated Unrelated Business Income Tax (UBIT). UBIT is reported on Form 990-T, as appropriate. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation process, if any.

Tax positions are not offset or aggregated with other positions. Tax positions that meet the more-likely-thannot recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely to be realized on settlement with the application taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying statements of financial position, along with any associated interest and penalties that would be payable to the taxing authorities upon examination. As of June 30, 2018, the Organization has addressed uncertainty in its income tax position and has determined there are no unrecognized/derecognized tax benefits requiring an accrual.

All tax-exempt entities are subject to review and audit by federal, state and other applicable agencies. Such agencies may review the taxability of unrelated business income, or the qualification of the organization as a tax-exempt entity under Internal Revenue Code Section 501(c)(3) and applicable state statutes.

As of June 30, 2019, the federal statute of limitations remains open for the June 30, 2016, 2017 and 2018 tax years. The statute of limitations for the California state income tax remains open for the June 30, 2015, 2016, 2017 and 2018 tax years. The June 30, 2019 filings will be completed on or before the statutory due dates including any applicable extensions.

Tax-Exempt Status

The Organization is exempt from federal and state income taxes pursuant to Section 501(c)(3) of the Internal Revenue Code. In order to maintain that status, the Organization is precluded from making certain expenditures, principally in support of political parties. Management believes that no such expenditures have been made.

Unrelated Business Income Tax

The Tax Reform Act of 1969 imposes a corporation income tax on the UBIT of an otherwise tax-exempt organization. A provision, if necessary, for applicable federal and state income taxes is made in accordance with these statutes. There was no income tax expense related to UBIT for the years ended June 30, 2019 and 2018.

Recent Accounting Pronouncements

On May 28, 2014, the FASB issued Accounting Standards Update 2014-09, *Revenue from Contracts with Customers*, which impacts the way in which some entities recognized revenue for certain types of transactions. The new standards will become effective for annual reporting periods beginning after December 15, 2018 for private companies. The Organization is currently assessing the potential impact of this accounting standard and the effect the standard might have on its revenue recognition policy upon adoption.

In February 2016, the FASB issued Accounting Standards Update 2016-02, *Leases* ("ASU 2016-02"), which amends the guidance for the accounting and disclosure of leases. This new standard requires that lessees recognize the assets and liabilities that arise from leases on the balance sheet and disclose qualitative and quantitative information about their leasing arrangements. The new standard is effective for fiscal years beginning after December 15, 2019. The Organization is currently evaluating the impact that this new standard will have on our financial statements.

In August 2016, the FASB issued Accounting Standards Update 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities* (Topic 958). The guidance is intended to simplify and improve how a not-for-profit organization (NFP) classifies its net assets, as well as the information it presents in the financial statements about its liquidity, financial performance and cash flows. The main provisions of this update require an NFP to do the following:

- Present net assets in two classes instead of three net assets with donor restrictions and net assets without donor restrictions.
- Continue to present the statement of cash flows using either direct or indirect methods but no longer require the presentation of the indirect method (reconciliation) if using the direct method.
- Provide enhanced disclosure about:
 - Amounts and purposes of governing board designations;
 - Composition of net assets with donor restrictions and how the restrictions affect the use of resources:
 - o Qualitative information about how NFP manages its liquid resources;
 - o Qualitative information about the availability of financial assets;
 - o Expenses in both their natural and functional classes;
 - o Description of cost allocation methods; and
 - Information about underwater endowments disclosing the NFP's policy, aggressive fair value of the funds, aggregate value of the original gift amount and aggregate amount by which the funds are underwater
- Report investment return net of external and direct internal investment expenses without disclosure of the netted expenses.
- Use of the "placed-in-service" approach for reporting restriction releases for gifts used to acquire or construct long-lived assets.

The new guidance is effective for annual reporting periods beginning after December 15, 2017. The Organization adopted this new guidance with no impact on previsously reported amounts.

	\$ 498,000 498,000 18,919,089 18,919,089		

Investment income, including income from CDs, consisted of approximately \$495,000 and \$322,000 for the years ended June 30, 2019 and 2018, respectively.

Fair Value Measurements

LAIF is an investment pool managed by the California State Treasurer (the State). LAIF's investments are short term and follow the investment requirements of the State. LAIF is allowed by the state statues, bond resolutions and investment policy resolutions to invest in United States government securities, federal agency securities, negotiable CDs, bankers' acceptances, commercial paper, corporate bonds, bank notes, other debt securities, repurchase agreements, reverse repurchase agreements and other investments.

Investments are presented in the financial statements at fair value in accordance with U.S. General Accepted Accounting Principles (GAAP). The fair value of securities in the State's pooled investment program generally is based on quoted market prices. The State's Office performs a quarterly fair market valuation of the pooled investment program portfolio. In addition, the State's office performs a monthly fair market valuation of all securities held against carrying cost. As of June 30, 2019 and 2018, the weighted—average maturity of the securities in the pooled investment program administered by the State's Office was approximately 173 days and 193 days, respectively. Weighted-average maturity is the average number of days, given a dollar-weighted value of individual investments, that the securities in the portfolio have remaining from evaluation date to stated maturity. The default credit risk of LAIF is considered minimal.

Fair Value Measurements (continued)

The Pooled Money Investment Board (the Board) provides oversight of the State's pooled investment program. The purpose of the Board is to design an effective cash management and investment program, using all monies flowing through the State's Office bank accounts and keeping all available funds invested in a manner consistent with the goals of safety, liquidity and yield. The Board comprises the State Treasurer as chair, the State Controller and Director of Finance. The Board designates the amounts of money available for investment. The State is charged with making the actual investment transactions for this program. This investment program is not registered with the Securities and Exchange Commission as an investment company.

NOTE 2 - SHORT-TERM INVESTMENTS, CDs AND FAIR VALUE MEASUREMENTS - Continued

Fair Value Measurements (continued)

FASB ASC 820 establishes a three-tier fair value hierarchy that prioritizes the inputs used in measuring fair value as follows:

Level 1 – Observable inputs such as quoted market prices in active markets.

Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly.

Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

Level 3 classifications currently include pooled funds that include multiple investments in which the Organization does not have individual ownership of the specific assets and the Organization has an interest in the pooled investment. For these pooled investments, there is no daily pricing on an active exchange but where a substantial portion of a fund's fair value could be determined based on quoted market prices of underlying investments held by the fund and the estimated fair values of certain investments of the underlying investment pool, which may include private placements and other securities for which prices are not readily available, and are determined by the State or sponsor of the respective other investment pool and may not reflect amounts that could be realized upon immediate sale, nor amounts that ultimately may be realized.

Investments measured using a Net Asset Value (NAV) per share, or its equivalent, are not classified in the fair value hierarchy above because they may or may not be redeemed at the NAV or because the redemption at NAV is uncertain due to lock-up periods or other investment restrictions. At June 30, 2019 and 2018, the Organization had no such investments.

As of June 30, 2019 and 2018, the Organization's investments in LAIF of \$18,919,089 and \$20,250,441, respectively, are categorized as Level 3 investments whereas the CDs of \$498,000 and \$2,739,000, respectively, are categorized as Level 2. The Level 2 CDs that are held to maturity and carried at cost, have their fair value determined each reporting period through quoted market prices of similar instruments in active markets. There were no transfers between the different levels for the years ended June 30, 2019 and 2018.

The following table reflects a reconciliation of beginning and ending balances for the Organization's total investments in LAIF at June 30:

	 2019	2018

NOTE 5 - PERS BENEFIT PLANS

Cost-sharing Multiemployer Pension Plan

The Organization contracts with PERS to provide its salaried employees retirement and disability benefits, which are paid by the State of California. In addition, employee group health insurance coverage (other) is obtained through PERS, and the contract requires the Organization to pay a minimum portion of the health insurance premiums of retirees after certain required periods of employment. Through June 30, 2003, the PERS retirement and disability plan was an agent multiemployer retirement plan; therefore, the provisions of ASC 715, *Employers' Accounting for Pensions*, were applicable.

Effective July 1, 2003, the Organization began participating in a PERS cost-sharing multiemployer pension plan, whereby other entities with benefits similar to the Organization participate in the same cost-sharing plan. At the date the Organization began participating in the cost-sharing plan, a liability was determined by PERS for each of the cost-sharing plan participants, called a "side-fund liability," which was established to account for each Organization's share of the pool's unfunded liability. The side-fund liability is calculated by PERS annually and includes liability calculations for the subsequent two years using estimated employer payroll and estimated return on plan assets in accordance with ASC 450, Accounting for Contingencies.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Years ended June 30, 2019 and 2018

NOTE 5 - PERS BENEFIT PLANS - Continued

The following table sets forth the calculation of the Organization's side-fund liability as of June 30:

	-	2019	 2018
Side-fund liability at beginning of year	\$	56,563	\$ 108,046
Service cost		217,277	182,396
Actual contributions		(429,856)	(409,546)
Amount allocated to interest on side-fund liability		155,803	175,667
Side-fund liability at end of year	\$	(213)	\$ 56,563

Service cost was calculated using 10.9 percent and 10.2 percent of actual payroll for the years ended June 30, 2019 and 2018, respectively. Contribution rates to PERS were 21.5 percent and 22.8 percent of actual payroll for the years ended June 30, 2019 and 2018, respectively. Interest on side-fund earnings was calculated using PERS actual investment return, net of fees of 7.25 and 7.00 percent for the years ended June 30, 2019 and 2018, respectively. Actual payroll was approximately \$3,375,661 and \$3,267,000 for the years ended June 30, 2019 and 2018, respectively.

Postretirement Healthcare Benefit Plan

In addition, the Organization contracts with PERS to provide its salaried employees group health insurance through PERS under a postretirement healthcare benefit plan. The contract requires the Organization to pay a minimum portion of the health insurance premiums of retirees after certain required periods of employment. The postretirement healthcare benefit plan requires retirees and active employees to pay a portion of the monthly health insurance premium costs. For the years ended June 30, 2018 and 2017, the Organization paid employees' health insurance premiums as they came due.

The following table set forth the funded status of the postretirement healthcare benefits and the amounts recognized in the accompanying statements of the financial position as of June 30:

	2019	 2018
Projected benefit obligation Plan asset, at fair value	\$ 3,628,823	\$ 3,032,682
Deficiency of plan assets (under) projected benefit obligation Prior service cost (credit) Accrued employee benefit cost	\$ (3,628,823) 425,594 (3,203,229)	\$ (3,032,682) 555,075 (2,477,607)

Employer contribution	\$ 484,905	\$ 454,898
Weighted-average discount rate	3.75%	4.20%

For measurement purposes on the postretirement healthcare benefit plan, a 3 percent health care cost trend rate for the years ended June 30, 2019 and 2018 was used to calculate the expected cost increases.

CalPERS Salaried Plan

The Organization contracts with CalPERS to provide its salaried employees retirement and disability benefits, which are paid by the State of California. In addition, employee group health insurance coverage (other) is obtained through CalPERS, and the contract requires the Organization to pay a minimum portion of the health insurance premiums of retirees after certain required periods of employment. Through June 30, 2003, the CalPERS retirement and disability plan was an agent multiple-employer retirement plan; therefore, the provisions of ASC 715, *Employers' Accounting for Pensions*, were applicable.

Effective July 1, 2003, the Organization began participating in a CalPERS cost-sharing multiemployer pension plan whereby other entities with benefits similar to the Organization participate in the same cost-sharing plan. At the date the Organization began participating in the cost-sharing plan, a liability was determined by CalPERS for each of the cost-sharing plan participants, called a "side fund liability," which was established to account for each organization's share of the pool's unfunded liability. The side fund liability is calculated by CalPERS annually and includes liability calculations for the subsequent two years using estimated employer payroll and estimated return on plan assets in accordance with ASC 450, *Accounting for Contingencies*. The Organization prepaid the amount owed in the prior year so there is no side fund liability at June 30, 2019.

The unfunded pension liabilities at June 30, 2019 and 2018 were derived from the most recent Accounting Valuation Reports provided by CalPERS. The measurement dates for the reports were June 30, 2018 and 2017 respectively.

The plan's proportionate share of the fiduciary's unfunded accumulated net pension liability as of June 30, 2018 and June 30, 2017 (the measurement dates) were \$3,816,015 and \$3,276,052 respectively.

NOTE 6 - COMMITMENTS AND CONTINGENCIES

Operating Agreements and Leases

Operating expenses

Under a master operating agreement, which was renewed indefinitely until either Party gives a 30-day written termination notice, the Organization operates the Aztec Center, Viejas Arena, Aztec Recreation Center, Children's Center, Open Air Theatre, Scripps and Cottage, Daily Aztec and a portion of the Peterson Gym for the benefit of the student body on behalf of the University. The use of the facilities are governed by the terms of the agreement, and the agreement requires the Organization to promote, staff, insure, repair, maintain and improve the facilities when needed, and cover the cost of utilities program expenses, including the costs to operate these facilities. For the years ended June 30, 2019 and 2018, the Organization incurred approximately \$3,029,000 and \$2,978,000, respectively, of employee-related costs, insurance, repair, maintenance, facility improvements and utilities costs, which are included in the programs' expenses and deductions and facility expenses.

Commitments and Contingencies

The Organization operates the Mission Bay Aquatic Center for the benefit of the student body on behalf of the University and the community of the City of San Diego. During 2009 the Organization amended its contract and entered into a long-term agreement with the City of San Diego for the Mission Bay Aquatic Center. The operating agreement runs through August 31, 2023, has a 10-year renewal option and requires payment of an annual fee based on gross income from certain activities, as defined in the agreement, conducted during the previous 12 months. The use of the facilities is governed by the terms of the agreement, and the agreement requires the Organization to promote, staff, insure, repair, maintain and improve the facility when needed, and cover the cost of utilities. For the years ended June 30, 2019 and 2018, the Organization incurred approximately \$118,000 and \$108,000, respectively, of employee-related costs, insurance, repair, maintenance and utilities costs, which are included in the program's expenses and deductions.

In a prior year, the Organization entered into a usage agreement for certain athletic facilities owned by the University for the purpose of conducting intramural programs for students through June 2020. The usage fee charge is negotiated annually, by July 1 for the upcoming year. The Organization paid \$20,000 to the University in each of the years ended June 30, 2019 and 2018, which was recorded as a component of Aztec Recreation program expenses.

The Organization leases administrative space under a master lease agreement from the University and recognized rent expense of approximately \$148,000 and \$142,000 during the years ended June 30, 2019 and 2018. The Organization recognized approximately \$72,000 and \$71,000 of rent expense under a parking lot lease with the University during the years ended June 30, 2019 and 2018, respectively. The approximate future minimum lease payments due under noncancelable operating leases at June 30, 2018 is \$58,000 for the year ending June 30, 2019 and \$20,000 for the year ending June 30, 2020, for total future minimum lease payments of \$78,000.

Commitments and Contingencies (continued)

Rental Income

During the year ended June 30, 2014, the Organization entered into a memorandum of understanding to lease retail food space at Aztec Student Union to Shops. Effective July 1, 2014, the memorandum of understanding was finalized into an agreement. The lease term is an initial 10 years, which expires on June 30, 2024, with the Organization having the option to extend for two additional five-year periods. Rental income is \$600,000 annually and subject to negotiation at the end of each lease year. The Organization also funded \$250,000 of tenant improvements to Shops, which is being amortized straight-line over the initial 10 year of the lease. The unamortized rent receivable balance at June 30, 2019 and 2018 is \$118,750 and \$143,750, respectively.

Sponsorship Revenues

In December 2006, the Organization entered into a sponsorship agreement with the University, granting the University the right to rent signage space for the benefit of the Organization. Under the terms of the agreement, the Organization will receive sponsorship revenue related to Viejas Arena and other campus venues through June 30, 2017 under agreements entered into by the University with individual sponsors.

During the year ended June 30, 2009, the University and the Organization signed an amendment to the December 2006 sponsorship agreement. Under the terms of the amendment, the Organization will receive sponsorship revenue related to Viejas Arena through June 30, 2019 under the agreement entered into by the University with the sponsor. As the Organization paid for a portion of these costs incurred, the University will reimburse the Organization for such costs until they are fully reimbursed under the stipulation the Organization fulfills its commitment to the sponsorship agreement with the University. The University will deduct all costs incurred relating to the sponsorship revenue earned and distribute 50 percent of the remaining balance to the Organization.

During the year ended June 30, 2018, the University and the Organization signed an amendment to the December 2006 sponsorship extending the agreement. Under the terms of the amendment, the Organization will receive sponsorship revenue related to Viejas Arena through June 30, 2029 under the agreement entered into by the University with the sponsor.

During the years ended June 30, 2019 and 2018, the Organization recognized revenue of the approximately \$407,000 and \$397,000, respectively, under the sponsorship agreements, of which approximately \$38,000 each year was remitted by the University to cover direct operating costs for the years then ended. The associated revenues are included in facility revenue and user fees.

Approximate future income from sponsorship revenue agreements at June 30, 2019 are as follows:

Booking Agreement

During the year ended June 30, 200, the Organization entered into a booking agreement with a third party to receive rental compensation for the ability to use Viejas Arena through January 31, 2013. On February 1, 2013, the agreement was renewed through December 31, 2017. Under the terms of the agreement, the Organization will receive a quarterly guaranteed payment of \$100,000 and 25% of concert revenues over \$850,000. During year ended June 30, 2018, the Organization recognized revenue of \$400,000 relating to this agreement.

Effective January 1, 2018, the Organization entered into a new booking agreement with a third party to receive rental compensation for the ability to use Viejas Arena through December 31, 2022. Under the terms of the agreement, the Organization will receive an annual guaranteed payment of \$650,000. The previous 25% concert revenue split has been eliminated. During year ended June 30, 2019 and 2018 the Organization recognized revenue of \$650,000 and \$325,000 respectively, relating to this agreement.

Approximate future income from rental compensation at June 30, 2019 is as follows:

Years Ending June 30,	
2020	\$ 650,000
2021	650,000
2022	650,000
2023	 325,000
	\$ 2,275,000

Contingencies

The Organization is subject to legal processing and claims that arise in the normal course of business. While the outcome of the proceedings and claims cannot be predicted with certainty, management does not believe that the outcome of any of these matters will have a material adverse effect on the Organization's financial position and results of operations.

Associated Students of San Diego State University maintains cash balances to meet weekly obligations with excess funds being invested in LAIF & certificates of deposit. Associated Students of San Diego State University by-laws contain policies regarding net assets. The policy is reviewed annually by the Associated Students Board of Directors and it defines the purpose and amounts for excess cash balances. The policy divides excess funds into three primary types.

<u>Working Capital</u> (Facility & General) - To be used for unexpected operating expense overages, to offset unexpected revenue shortfalls and for purchases of any other equipment or maintenance not previously scheduled. Minimum reserve balances shall be 5% and maximum of 10% of the current year's operating budget.

<u>Future Facility</u> - To be used to fund Associated Student's facility expansion and/or major facility modifications, in excess of \$25,000.

Repair and Equipment Replacement - To be funded annually through an allocation from the operating budget based on average annual costs for projected repair and replacement needs.
