1.0 PROJECT CONFERENCE
A. Two days prior to the placement of water-based reactive stain a meeting will be held to discuss the project and application of materials.

1.1 ACCEPTABLE MANUFACTURERS
MANUFACTURER: L.M. Scofield Company, (Los Angeles, California)

1.2 APPLICATION OF STAIN
A. Conform to the requirements set forth in the "Staining Specifications" section of the project.

1.3 QUALITY ASSURANCE
A. Manufactured glazes are subject to variation in color, due to the nature of the materials used and the equipment used in their manufacture. This is normal and acceptable.

1.4 PRELIMINARY PREPARATION
A. Prior to preparation, it is important to ensure that all surfaces are free of oil, grease, and dust. This can be done by thorough cleaning using a vacuum cleaner or duster.

2.0 APPLICATION OF REACTIVE STAIN
A. After the concrete has attained its specified strength, it may be stained. Staining should begin at least 72 hours after the concrete has been placed. The concrete should be dry and free of any form release agents.

3.0 PROTECTION
A. Protect treated surfaces from freeze or direct sunlight for at least 72 hours after application of stain.

4.0 SPECIFICATIONS
A. Conform to the requirements set forth in the "Specifications" section of the project.

5.0 FORMS AND RECLAIMS
A. After the stain has been applied, it is important to remove any excess material from the forms and reclaims immediately. This can be done using a squeegee or a shovel. The forms and reclaims should be kept clean and free of any stain material.

6.0 FINISHING
A. After the stain has been applied, it is important to remove any excess material from the forms and reclaims immediately. This can be done using a squeegee or a shovel. The forms and reclaims should be kept clean and free of any stain material.

7.0 INSPECTION
A. Inspections will be conducted to ensure that the workmanship and materials used are in accordance with the specifications.

8.0 COMPLETION
A. The project will be considered complete when all required work has been completed and all inspections have been passed.

9.0 WARRANTY
A. The manufacturer warrants that the products will be free from defects in material and workmanship for a period of one year from the date of installation.

10.0 LIABILITIES
A. The manufacturer shall not be liable for any damages resulting from the use or misuse of the product.
