**START: INFORMATION BOOTH**

Sustainable Feature – Stormceptor
- Welcome to the Union
- The building is 206,000 gross square feet
- In 2010 students voted for a fee increase to build our Union which is designed to receive LEED Platinum Certification for Building Design and Construction, the highest certification by the US Green Building Council
- The Union is funded entirely by student fees and receives no State funding
- We have 13 meeting spaces, including Montezuma Hall and the Theatre
- Sustainable Elements will be pointed out along the tour

You are standing on one of several decorative inlay areas located on 1st floor. In the center is a drain. Water run-off is filtered through an underground Stormceptor that removes debris and pollutants before it heads into the city storm drain.

**STOP #1: AZTEC MARKET**
The Aztec Market is just one of many food service options within the Union managed by Aztec Shops. Offering grab and go meals, a variety of snacks and beverages and ShakeSmart protein shakes. Aztec Shops manages all food service on campus as well as the Bookstore and all campus Starbucks.

**STOP #2: CHIPOTLE/THE HABIT/DINING AREA**
Sustainable Features — Radiant Floor, Natural Ventilation
Recycling & Composting
Chipotle Mexican Grill and The Habit Burger are located in the main dining area. This area has indoor and outdoor seating and large glass doors on the west side that open up to provide for natural ventilation.

Our Dining Room has a Radiant Floor that heats and cools the area through the concrete slab where hot or cold water passes through coils and "radiates" through the concrete. The entire west side of all three floors of the Union features Radiant Flooring. Our Radiant Floor installation is currently the largest radiant floor in San Diego County.

**STOP #3: STARBUCKS**
Our Starbucks is a popular spot for hanging out, studying or meeting up with friends. You can see it has large glass windows to take advantage of Natural Daylighting and the beautiful campus views.

**STOP #4: LEE & FRANK GOLDBERG COURTYARD**
Sustainable Feature — Rainwater Collection Tanks
The Lee & Frank Goldberg Courtyard is named after two SDSU alum who made a generous donation for student scholarships. Plenty of seating is available in the courtyard where SDSU students, faculty and staff can enjoy free programs presented by the Aztec Student Union Board (ASUB).

Underneath the courtyard are three 50,000 gallon Rainwater Collection Tanks used for landscape irrigation. Rainwater runs off the roof and into the collection tanks.

**STOP #5: CALIFORNIA COAST CREDIT UNION**
California Coast Credit Union offers banking services for the campus and financial seminars for SDSU students. Their sponsorship in naming the “California Coast Credit Union Open Air Theatre” provides much needed support to help renovate the 73-year-old facility.

**STOP #6: AZTEC LANES**
Sustainable Feature — FSC Wood
Aztec Lanes, our state-of-the-art bowling and gaming facility, features:
- 12 Brunswick bowling lanes
- 8 big screen TVs
- 5 professional billiards tables
- Gaming lounge
- 2 professional table tennis tables
ARC members can enjoy free bowling. Students can take a one-credit ENS (Exercise & Nutritional Sciences) bowling class. Aztec Lanes also offers intramural league bowling.

The wood used in building the Union is FSC certified, including Aztec Lanes. FSC stands for Forest Stewardship Council, which ensures wood products do not come from clear cut forests.

**STOP #7: OGGI’S PIZZA EXPRESS**
Oggi’s Pizza Express is owned by a family who are proud SDSU alumni. Serving pizza, subs, wraps and craft beers and wine in an Aztec sports theme environment with multiple televisions and live entertainment on the outdoor patio.

**PROCEED UP TO 2nd FLOOR**

PROCEED UP TO 2nd FLOOR
STOP 8: MONTEZUMA LOUNGE
Sustainable Features –
Natural Daylighting
FSC® Sourced Wood Trusses
Bamboo Flooring
Digital Touchscreens**
Terrazzo Flooring**

The lounge is open for SDSU students, faculty and staff. To the left and right of Montezuma Lounge are Montezuma Hall and the Theatre.

Montezuma Hall is 11,536 square feet and can seat 1,000 for a lecture and 500 in rounds for small intimate performances. Our multi-purpose Theatre has 300 fixed tiered seats for movies, lectures and small intimate performances.

**Forest Stewardship Council – Promotes Responsible Management Of The World’s Forests.

**Bamboo, is a rapid renewable material

***Digital Touchscreens – There is one of seven interactive touchscreens where visitors can access various information including our energy management dashboard. The dashboard is an interactive program that displays sustainable features and building energy use. The building is sub-metered to make occupants aware of real-time energy use and promote conservation.

****Terrazzo is a composite material consisting of marble, quartz, granite or glass, and poured with a binder. It is cured and then ground and polished to a smooth surface.

STOP 9: CENTER FOR INTERCULTURAL RELATIONS
Managed by the division of Student Affairs, the Center for Intercultural Relations presents programs that promote the appreciation of cultural diversity. The Center includes:
