

Aztec Recreation Safety Certification Policy Standards

Employees must provide proof of current certification for CPR/AED and First Aid *prior* to working:

New Lifeguards must:

1. Provide proof of American Red Cross CPR, Title 22, AED and LGT certifications to Administration before being scheduled to work.

Established Employees:

1. All employees, including those with WFR, RN and EMT qualifications, shall keep every required certification current and provide a copy to Administration.
 2. Every Aquaplex lifeguard must attend all mandatory annual recertification trainings and provide proof of attendance and or recertification to Administration.
 3. If the employee allows the certifications to expire, he or she will be suspended for 14 days or until he or she provides their supervisor with proof of valid certification, which ever comes first.
 4. If the employee does not provide proof of certification within 14 days of the expiration date, he or she will be terminated.
- *We do not accept any online certifications. All classes must be taken in person.*

I have read, understand and will comply with the Aztec Recreation Safety Certification Policy:
