"A is for Art" has become a major event in the life of the SDSU Children's Center. Words can not convey the joy in the children's faces when they see "their painting" on display in a real art gallery. Each year they look forward to the time spend work with the visiting artists and their teachers, as they create a "masterpiece." With your help we can make the upcoming "A is for Art" events even more meaningful to the children and their families.

"All Taped Up" by the Seals Classroom

Creative art expression is a highly valued integral part of our daily curriculum. Art is a language in and of itself, providing children a vehicle for exploration, choice and individual thinking. To a confident artist, the wide world is open to limitless possibilities for growth and learning.
